Code Red

Click here to sign up for CodeRED emergency notifications

Munhall Borough keeps residents and businesses informed of emergencies and other time-sensitive information through CodeRED, a high-speed emergency notification solution provided by Emergency Communications Network. The borough uses CodeRED to quickly and effectively keep the community informed of time sensitive information that may impact the entire borough, or specific neighborhoods. To see how the CodeRED system works, click here.

Munhall Borough will use the CodeRED system to keep you informed of emergency information that may impact your safety by sending you telephone calls, text messages and emails. Messages may regard evacuations, police activity, missing children, boil water notices or other information that you are asked to take immediate action or precautions for.

Please note: If you are unsure of whether your contact information is in the emergency database, or you have recently moved or changed your telephone number, it is important to visit the enrollment page above to add or update your information. Do not assume you are automatically enrolled to receive notifications.

Signing up is as easy as 1-2-3.

- **Step 1:** Visit the Borough of Munhall Borough CodeRED community enrollment page
- **Step 2:** Enter your contact information, including cell phone numbers and email addresses.
- **Step 3:** Save the Caller ID's below to your phone's contacts so you can easily recognize the call is from The Borough of Munhall Borough

Encourage friends, family members, colleagues, and neighbors to enroll in this important service.

Identifying Notifications

You will know the call is from Munhall Borough when you see the following Caller IDs. Please make sure to add these telephone numbers to your phone's contacts. If you would like to hear the last message delivered to your phone, simply dial the number back.

Emergency Comm 866-419-5000

ECN Community 855-969-4636

Do you have a smartphone? Make sure to download the CodeRED Mobile Alert app to receive free emergency, general and missing person notifications from Munhall Borough public safety officials directly on your smartphone. As you travel to other communities that also use the CodeRED service and there is an active warning that affects your current location, the app will also notify you.
